

Cookie Policy

Last updated: July 05, 2026 · Version 2026-07-05

1. Overview

This Cookie Policy explains how Kaify (<https://kaifyai.org>) uses cookies and similar technologies. When you click Accept on our cookie banner, optional analytics cookies may be enabled. Reject optional keeps only essential cookies.

2. Essential Cookies

These are required for the app to function and cannot be disabled:

- Supabase auth cookies — keep you signed in securely
- kaify_csrf — protects account deletion, export, and purchases from cross-site attacks

3. Optional Cookies

Only loaded if you accept optional cookies:

- Vercel Analytics / Speed Insights — anonymous usage metrics
- Sender.net — marketing/waitlist email (landing page only)

4. Third-Party Cookies

Google reCAPTCHA may set cookies on the waitlist form. Termly may set cookies on legal policy pages if embedded. See our Privacy Policy for subprocessors.

5. Managing Preferences

Clear site data in your browser or delete kaify_cookie_consent from local storage to see the cookie banner again. Essential cookies will reload when you use the app. Version: 2026-07-05.
